Message from Alix:

“Hi! I’m 14 years old and live in Paris with my parents of my youngest brother. I’m in the 9th grade. I am open minded, positive, sociable, honest and respectful. I love to have fun but I also know how to take on responsibilities. I really love to meet people even if I’m a little shy at first. In my spare time I play tennis and golf. I also take dance classes and drama. I love hanging out with friends, going with them to the movies. I can’t stand a life without music. I used to play the piano but I quit. I also love traveling. Last year we went to South Africa. We did a safari and it was very impressive to see lions, giraffe, rhinoceros... we also went to New York because my dad and my brother ran the marathon. I was very impressed by this big city with all these skyscrapers. Thank you for reading.”

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
