“Hi, everybody! My name is Charles, I am 15 and very excited to write this letter! In fact, I have been to the USA before and I think that it is a chance for me to travel there again. IN my family, we are 5 children (3 boys, 2 girls). We live in the city of a famous French medieval castle. During winter we enjoying skiing together, and we also travel a lot. I’ve been practicing judo for 12 years and I am a black belt. I play soccer with friends, I ski during winter and sometimes I practice mountain biking with my father and brother. I like to be outside, hang out with friends, go to the beach, and I also enjoy to visit historical places to improve my culture! I can help with household and also in the garden. I enjoy al sorts of music which I often listen to. I can eat almost everything. I am very sociable and interested in the different ways of life... I’ve been in England and Ireland for linguistic trips. I can’t wait to meet you. See you soon!

**Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.**
