“My name is Léo, and I’m 15. I have the dream to go to the USA since I am a little guy and this summer, I hope this dream will come true. I would like to begin by thanking you warmly to receive me in your family, it is you who allow me to realize this dream. I live in the south of France. I have one little brother who is completely crazy. I practice basketball and volleyball but I love every sports. I follow the NBA on the social networks and I’m crazy about the atmosphere in the stadium! When there is crossovers, posters, or alley-pop and dunk, the fans get crazy and I love the enthusiasm people bring to the sport. To my great regret, I have no pets (except three hens and a cock) at home because my parents are allergic to animal hair and we often go on holiday. It’s a pity because I love all animals and I would love to be a veterinarian later. I like reading, do longboard and play video games. I listen to American rap and my favorite artist is Russ, he is American and I really love his voice. I can’t wait to discover the USA.

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
