Message from Marc:

“Thank you for hosting me in your house and in your daily life. I am impatient and excited to meet you and to discover your way of life and your culture. I live in Bordeaux, a very beautiful city. I have an older student; she is 21 and students in Spain. I have a brother two, who is 19. During the week it’s just me and my mother because my father works far away, and he and my brother come home on the weekends. I am 15 and in high school. I love playing tennis and piano. I practice them once a week. I also like video games, going to the cinema and I like sports and card games. I am fond of travels and like pets too; I’ve had a dog for 16 years. I decided to participate to improve my English, to speak easier since English is the international language. Thank you.”

**Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.**
