Message from Paul:

“Hello! My name is Paul. I am 16 and live in the south of France. I have a little brother who is 12 years old. My parents are both bankers. I’ve been playing tennis for 12 years. I often do tournaments to improve my ranking. I also practiced boxing for three years. As we live near the Mediterranean sea, I am used to diving underwater and fishing. I love all sea activities. At school I prefer science subjects rather than literary subjects. I chose to make this trip to discover your country. For European people the United States are mythical ... I would like to discover the American culture and I need to improve my English because it’s really important (my writing is better than my speaking). I am happy to spend these few weeks with you. I’m looking forward to meeting you.”
