#### Message from Roman:

“Dear family, I hope you are all right. My name is Roman. I am 16 and have 2 younger sisters. I love my sisters. I play often with them. I like sport, especially fencing, laser tag, skiing, swimming or biking. I don't like football, rugby or tennis. I like listening to music that is difficult to describe. Soft music, when words “ring” with the music. If I have the choice, I prefer being in the country side. I like nature, walking in the forest or mountains, or doing sensational [sensatory] activities like rafting or paragliding. I know that North Carolina has mountains. I like mountains, their sizes and their serenity. Later I would like to be an air controller because I love planes. I can't explain that; it's a passion. I would like to be in the US because it seems to be a great country, and I want to discover the American way of life. Many thanks for reading my letter.”

**Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.**
