Message from Marie:

“Hello! I’m 13 years old [14 in July]. I live in Paris, but in the past, I’ve lived in Morocco during 5 years. (It was so good!). I’ve got three brothers. I play basketball n a club in Paris; I’m the captain of my team. I love playing basketball and also all sports except gymnastics and horse riding. I don’t really like animals in general. I like to walk on the streets of paris listening to music. I like reading, cooking, and taking care of my little brother. In the first steps I am shy, but after not. I like to laugh and be outside. I like traveling, I’ve already been to many European countries with my parents. This year I want to go to USA because I’ve never been there and I think it will be a unique experience. I also think that going in a family is better and I will progress more.”

**Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.**
