Message from Mathurin:

“Hello, Dear Family. I’m very happy to writing this letter hoping you will read it. I’m Mathurin, the last children of my family. I have a big family and I love being with them. I’m 15 years old. I’m pretty sociable but I can be sometimes a little bit shy with unknown people. I love doing triathlon, drums and scouting. I play the battery and I love listening to music. I love sports and outside activities. People told me about the USA and people living here. I’m curious about this land and his culture. I want to adapt me and learn more about you which would make me grow up, and I am going to be able to learn English. I will enjoy to meet you and learn your way of life. During this trip I am going to try to help as much as possible and not to be a burden. See you again soon.”

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other’s core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
