Message from Matthieu:

“My name is Matthieu and I am very happy to go to USA next June. I'm 16 years. I live a beautiful country because there are lots of castles and I like history, so it's good for me. I live in great house. I have one brother who has 18 years and he studies in Lille. I go in 10 minutes by bike to my school. I have lots of friends and I love at the weekends stay with them or to play football. I'm sociable and outgoing. I play rugby in a club and I like it because we are good friend team. I used to play tennis for 10 years. I like sports. I love listening music everywhere it's very important for me and I like different kind. I also like clothing and shopping. In summer I go to the sea and I really like to do wakeboard or swim. I really want to participate to this travel to discover your country, people, culture, history and to practice my English because it's very important today. I want to thank you to invite me in your house.”

**Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.**
