Hello! My name is Jaja. I'm 15 years old. I live in a city on the east coast of the Gulf of Thailand. In my family have 3 people my dad, my mom and me and I have 2 little dogs. My dad is an engineer, he loves to travel and take a photo. My mom is a nurse, she loves to cooking and bake.

Now, I'm studying in grade 10 [as of April 2020]. My major was science-math. My favorite subjects are biology, english and history. At the weekend as I have private class on Saturday or Sunday. Afterwards, I usually go shopping with my family or my friends. At home, I will help my mom keep the house clean. I have a good sense of humor and friendly. I love dogs and cats but I can't play with them because I'm allergic to cats. My favorite K-pop band is BTS, so I love listen to music so much but I can listen to every type of music. I like all fantasy and action movies. My favorite movies are Percy Jackson and Fantastic Beasts.

The main reason why I become an exchange student is "travel". I love to travel for visit a new city or country. U.S. is a country that's I want to visit so much and It's a good chance for learn about culture and people from there. So made me practice english language and find good experience for myself. I hope during I'm an exchange student in U.S. I will have many friends from High-School, shared culture, exchange opinion and have the best memories with my host family. I look so forward to meeting you, See you soon!
