Student Letter

Hello. My name is Melisa. I am friendly and social person. I have a brother, I love him so much. I love playing computer games with him. It is wonderful to have a sibling. He always supports me and makes me laugh. I have a good relationship with my cousins. I get along very well with kids. It makes me happy to look after my younger cousins. I also love animals, especially dogs. My dog Rexy passed away a while ago. It was very sad for our family.

I like watching movies with my mom. We often go to the cinema together. I like shopping with my dad, it is very nice to have a cup of coffee with him and chat. I like reading books, dancing and singing. I have been playing the violin since early childhood, I also have an interest in other instruments. I like watching basketball games. I play badminton and I am interested in archery. The city I live in is near the seaside. I like walking by the seaside and in the woods. I also ride a bike and swim.

I am very interested in American culture. I am so excited for Halloween, Easter, Christmas and Thanksgiving. I like trying new cuisines. I would love to cook for you traditional food of my country. Lastly, I want to be a lawyer. I am always interested in philosophy, human rights and history. I am curious about different cultures, people and traditions. I have learned a lot during this application process and I am sure that I will experience a lot. I hope that I will build a connection between our cultures. I look forward to meeting you.
