## PROGRAM

**Arrival:**  
August 2021

**Age on Arrival:**  
16

**Duration:**  
Academic Year

**Student ID:**  
DS21AM01-11

**Allergies/Special Diet:**  
Does not eat pork

**Religion:**  
Christianity

## Student Letter

My name is Narek, my family consists of five members - me, dad, mom, sister, and grandma. My mother is a geography and history teacher. My dad is a driver. My sister is a college student. When my family gets together after a work day, we tell each other about all events that happened with us. Sometimes we watch TV with all family. At home besides doing my homework, I must help mom and dad. I am a future programmer. I like programming and math. My best friends are very funny. I have a lot of fun with my friends, laugh and just have a great time. I spend a lot of time with my friends outside of school. My city is a small town and we don't have any cool buildings, but I love our town. As I said I am a future programmer, because I like to give people things that make them happy. I program in Python. it is such a dynamic, smart and easy language, but it's slow. I am funny smart but sometimes I am cowardly.

I think if my family decides to host an exchange student they would choose someone like me, because I am kind, helpful and they would never get bored with me.

There are several goals that I would like to accomplish by the end of my exchange experience. First I would like to become a more outgoing person, get new friends, improve my English, but most importantly I want to get a real grasp of what the real USA is, explore its culture and tell others about me, my culture, my home country. Thank you for choosing me!

Borderless Friends Forever

Would you like to host this student?

Call (919) 285-2693 or email [info@borderlessfriends.org](mailto:info@borderlessfriends.org)

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
