## Student Letter

Hi guys! My name is Ana, and I am from Spain. I'm 14 years old and I am really looking forward to spending a year in the United States. In my free time, I enjoy hanging out with my friends, watching movies, listening to music and dancing.

I am very excited to go to the United States because I really want to learn English and meet new people. I also want to learn new things about the United States and its culture. I can't wait to see what high school life is all about! It will be very interesting to visit different parts of the country if I get the possibility to do so. Travelling is one of my passions, and one of my goals for the year is to see as many places as I can and experience as many once-in-a-lifetime opportunities that arise.

As for my expectations from my exchange experience, one of the most important objectives is to improve my use of the English language. Not only would I like to improve my speaking, but I would also like to better my listening and reading comprehension skills. I would also like to participate in extracurricular activities and local cultural events. It will be a great opportunity to join the cheerleaders squad and other clubs at school.

In conclusion, this exchange program will be a fantastic experience for me to broaden my horizons and learn about a new culture. Not only will I learn, but I will teach others about my home life and culture as well. I hope you have a great year and stay healthy.
