## Student Letter

Dear host family,

I am very excited to go on this adventure. I hope to improve my English and start back at 0 and create a new life. I am a very cheerful, responsible and sociable guy. I am really talkative as well. I love hanging out with friends, and playing sports like football, basketball, padel-tennis. Other things I love to do in my spare time is listening to music and playing videogames too; but overall I like to pet my dog. I love animals. My dog is a german shepherd puppy called Hunter.

When I hang out with my friends from school at weekends, we sometimes go out to the plaza or to have a snack around the neighborhood, where there are lots of places to go. We don't stay long, come back at 9:00 pm, later if special occasions.

Another thing I really like is going to the beach. I really enjoy and love these days everything is very easygoing there, beach, eat, staying with friends and with family doing different sports, and eating ice-creams.

I want to say thank you, because you are giving me the chance to live and experience a new way of life in the United States, and to learn about your culture, history and customs, with you. I am looking forward to seeing you, Best wishes and greetings!
