PROGRAM

Arrival:

August 2021

Age on Arrival:

14

Duration:

Academic Year

Student ID:

AY21ES25-10

Allergies/Special Diet:

No / No

Religion:

Without religion

Student Letter

My name is Miquel (pronounced Meekel) and I'm a 14 year old boy from a small island in Spain. I am a very happy person. I like order, I get stressed when things are messy. I love playing video games and Lego games. I am very interested in computers' hardware, too. I also like Paddle surf, playing handball and hiking in the mountains. I am creative, and this is helpful when I must do homework for school. On the other One of my biggest weaknesses is that I lose concentration quite easily, which makes studying for an exam more difficult. My favourite activities are playing handball and other sports. I also like spending time with friends, going to a cafe with them or walking around the city with them. I also enjoy a lot going to my friend's place to play videogames together and talk until late at night.

On the weekend I usually do different activities such as hiking with the family, meeting with friends, playing with the console and watching videos on YouTube. I want to be an exchange student because I would like to reach a good English level and learn a lot about American culture and the American way of life. I will enjoy telling the American people about where I come from, about what languages are spoken in my land and my traditions. I consider myself a friendly person and like spending time with my friends. When I try to make new friends, I want them to be loyal, funny and empathetic.
