PROGRAM

Arrival:

August 2021

Age on Arrival:

17

Duration:

Academic Year

Student ID:

AY21TH01-12

Allergies/Special Diet:

No / No

Religion:

Buddhism

Student Letter

Hello, my name is Sreena, you can call me Zee. I am only one daughter in the family. I am living with my mom, we are very close and have no secret to each other. We always travel and spend a good time together and we also like to make a journey around the world. We usually help and consult each other to solve the problems. I don't eat beef because of my personal religious belief, but I still can live in a meat-eating family.

In a Covid-19 crisis I had to study online like all children. My activities during this period are, I donated masks and scarce medical equipment to many hospitals. I donated blood because I just wanted to give without expecting anything in return. And I would give it every 3 months.

English is the door to opportunities : education, career, news, traveling, friendship , relationship, movie, music life, etc. It opens so many doors for me And most importantly, it gives me courage to go explore. And I will be able to do more and even help others more because of it. I hope that traveling to America for this exchange students' program will give me an opportunity to learn something. Because traveling around the world is one of my dreams. And will allow me to reap the experience as well as bringing the better chance to be the owner of the business in the future that make my dream come true.

Borderless Friends Forever

Would you like to host this student?

Call (919) 285-2693 or email info@borderlessfriends.org

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
