Student Letter

I'm Uma, a very passionate person. I really enjoy practicing my hobbies: dancing, drawing, hiking, playing soccer, horse riding, swimming, going to the cinema etc! I'm also very into music, I love listening to Ariana Grande, Billie Eilish, Travis Scott... Listening to music makes me feel free! I have a lot of empathy, I try to help the people that surround me as much as I can (I take care about others well-being).

I would like to be a fashion designer, I am so into fashion, I love reading magazines or seeing documentaries about it! I have a sewing machine, I know how to do a couple of things but I am not an expert. I would like to improve that!

I would like to be an exchange student because I really like challenges! I love traveling, meeting new people, studying different languages and knowing other cultures. In my opinion it helps you to see other points of views about everything. I want to prove myself and see how I am going to react to some situations and how am I going to face them! I think that I am so lucky to have this opportunity and I know I am going to enjoy it and take advantage of it in many different ways!
