Student Letter

My name is Alejandra, but everyone here calls me Ale (not Alex like in the US). Since I was 5, all I wanted was to be an actress, to dance and to sing. I realized by then that all the songs I liked and the movies I loved were in English. Whenever I saw in the movies the teenagers attending to high school, I was wishing to be there. I love to act, sing, dance, and do lots of sports. I want to thank you in advanced for giving me the opportunity of being part of this project and I promise to do all my best to adapt and learn. I really want to live this experience and to share it with the hosting family, for me is more than a year abroad, it is the central stone of my academic future.

I am self-sufficient, organized, and positive person. I am a very social, open to learn as much as possible and I have an extraordinary capacity of adaptation. I am respectful, sincere, truthful, and very perseverant. I promise to work hard, so that my school and my hosting family will be proud. I am looking forward to start, to meet you and to dive into this lifechanging experience.
