## Student Letter

My name is Alexis. I'm 15 1/2 years old. I come from Switzerland. In winter, we can go skiing in the mountains and in summer we can go swimming in the lakes. Everybody say that I'm a concentrate of energy and I express joy of live. I love to speak and laugh all the time. I'm an easygoing person, open to people. I like to know people, discover their cultures and share their way of life. That's one of the reason I'm so enthusiastic to experience an exchange program. As I have a lot of energy, doing sport is essential for me. I like every sport and I practice a lot of them. In all sports I do, I try to be on the top because I have a competitive spirit. I play soccer in a team since I'm 6 years old. I also like team sports because I like friendship and the team spirit.

I'm sure it'll be an incredible experience that'll change my life forever. I'll bring my youthfulness, my joy of life and my way of looking at the world. Even if sometimes it'll be hard, I'm very motivated and I'm determined to overcome the difficulties. I also look forward to improving my English level to help my integration. I would like to share true, respectful and unforgettable moments.

I hope that you'll be willing to know me better and that we'll be able to start this adventure together. I look forward to knowing you.
