Student Letter

I'm Anselme, a French teenager, and I'm 16 years old. I'm crazy about sport, I really love basketball! I also like to watch films and I'm fond of going to the cinema. I like to read science fiction books too, and I enjoy playing video games. Finally, I love listening to a lot of different types of music. I'm a sociable and persevering person.

During the winter, I like to go skiing with my dad and some friends in the Alps- the Alps are mountains in the center west of France. I'm fond of skiing; this is one of my favorite sports! Doing sport is really important for me. I have been playing basketball since the age of 5 years old and I have been in the same club for 5 years. We have two trainings a week. I'm a very competitive person because I have been doing horse-riding competitions since the age of 8, and I also did the French Championships too. I love to travel. I got to study abroad in Germany which was an amazing experience. I can't wait to learn more about American life and culture. I'm really looking forward to meeting you! Thank you for reading.
