PROGRAM

Arrival:
August 2021

Age on Arrival:
14

Duration:
Academic Year

Student ID:
AY21ES48-10

Allergies/Special Diet:
No / No

Religion:
Christianity

Student Letter

Hello, this is Blanca, I'm from Spain and I'm fourteen.. I practice tennis and paddle twice a week with four friends and I love it, and all my life I practiced volleyball but a year ago I left because I've needed time for the studies. My favourite subject of the school is technology because I think is the most important subject for the career that I want to do because I want to be an architect and later specialize in interior design. On weekends normally I go with my friends to do excursions or to the cinema and when we have the opportunity to go to a concert we, because me and my best friend love music like we are always talking about new songs or new singers and we love music. I personally love listening to music and watch series and movies with friends or family. I want to come to the United States because I think it's an opportunity I can't refuse, I like visiting other countries and learning about other cultures and also I think English is the most important language. I want to go because I want to meet new people, know that I have friends and another family on the other side of the world when I return to Spain. I have always been an outgoing person and wanting to meet new people. This will help me adapt to everything new that I am going to live there for a year and I hope my host family helps me with whatever I need. I will certainly give my best to the experience and to them.
