Student Letter

Dear Family,

Hi my name is Carlos. I have written this letter so that you can know a little more about me and my life and everything that surrounds me. I have a lot of good friends and they consider me friendly and funny. I'm a sociable guy and love hanging out with people. I go to school five days a week, it has a good reputation for educational results, it's a Catholic school. School starts every day at eight and depending on the day we finish at different times, but with Covid we have three days in class and two days at home one week and the reverse the next week. I practice soccer all year long except for summer, for three days a week. I play competitively, I also play padel tennis with some friends.

In the evenings I do homework and study, shower, have dinner and usually go to bed at 10:30 pm. I'm very keen on soccer, the same as my brother who is a great player. I love playing video games online, my favorite ones are FIFA Soccer and Fortnite. My friends all like the same things as me and when we're not playing soccer, padel, or video games, we like to just hang out and eat somewhere.

This is my letter, I hope you like it and that we can soon meet and start sharing this experience together. Thank you for your time.
