Arrival:

August 2021

Age on Arrival:

17

Duration:

Academic Year

Student ID:

DS21KG01-12

Allergies/Special Diet:

No / No

Religion:

N/A

Student Letter

My name is Daria. But my friends call me Dasha. I'm 16 years old. I live in a big family. In my family: father, mother, little sister, brother and grandmother. I love them very much. My responsibilities at home are cleaning the house, washing the dishes, cleaning the yard and sometimes cooking. I can do it without problem because I think that I need to help parents around the house. We like walking, watching different films, listening to music, and playing phone games. In winter we love to snowboard. In the summer we like to go to the river to swim or go to the park in the town.

I'm interested in dancing, I'm crazy about it. Because when I dance I relax and enjoy the music. Also I'm interested in making nails. Because I love to talk to different people and learn something new. I like to go to school. My favorite subjects at school are literature, English language and biology. I like literature lessons because I read books a lot. In the future, I want to be a dentist or pharmacist. I want to study abroad, this is my goal. I am very cheerful, I can quickly find a common language with any person, I am very responsible and I'm purposeful, I also like to constantly do something interesting and funny. I love to play checkers, different board games and I really like walking in nature. From the exchange of experience, I would like to gain knowledge about American traditions, about America, about life itself in America. I want to share this knowledge in my country.

Borderless Friends Forever
