## Student Letter

Hi, my name is Emma, I am 14 years old. I am a very loving, kind and smiling person, people tell me that I am smiling all day. I really like to be easy going and have fun with my friends and my family. I don't usually start the conversation, but when I already know someone well I talk a lot. I really like traveling, knowing and discovering new things. I have visited places like London, Paris and Venice. I also like sports, my favorite one is basketball. I have been practicing it since I was 8 years old. Summer is my favorite time of the year, I love going to the swimming pool, to the beach, sunbathing and enjoying with my friends. I really like to do different things, I love to spend time with my family. One of the things that amuses me the most is listening to music and going to concerts, I would spend all day listening to hip-hop, rap, pop, trap, etc. I adore animals. I really like art in general.

I am very excited about going to THE USA because I think it will be a very exciting experience. I really want to know other culture, other country, other foods and other people. I will live this experience that will surely be unforgettable, and I hope to be able to bring you many good moments. I am sure that I will meet a lot of people and that I will make good friends. Maybe one day I can invite them to my house, meet my family and give back to them all they have done for me. Thanks for giving me this opportunity.
