Student Letter

Hi, I am Gonzalo. First of all, I would like to thank you for giving me the opportunity of having a year abroad and being part of your family. I'm very excited about going to the USA, because it has always been my dream. My mom was an exchange student twenty five years ago and she has told me how this experience changed her life.

I am a very sporty person, I have practised many sports during my life: soccer, kayaking, crosscountry, tennis, swimming, etc. But I practise rugby since I was eight years old and I still do it, I really enjoy playing rugby. I would like to try out american football, it's one of my dreams. I absolutely adore dogs, so I could take the dog for a walk if you have one.

I would like to have a relationship similar to the one my mom had with her host family, I would like to be part of your family and have a great relationship. My mom's host family have been in the most important situations of my mom's life, they came to her wedding , when I was born, to visit us in Spain ...etc.. I am looking forward to meet you soon!
