Student Letter

My name is Kateryna, but all call me Katya. I'm 15 and all for some reason say that my eyes are the color of the sky. I live in a pretty small city with a few destinations of entertainment, one mall and lake surrounded by forest.

The hobby I have been into since I was 4 is dancing. I've tried folk dance, modern dance, acrobatic, rock-n-roll, but I settled on street dance. Another hobby of mine is drawing. I've been attending drawing school only for two years, but my desire to capture everything beautiful with paints of pencils on paper remained for many years. One thing I'm really obsessed with is reading. Books give us that precious opportunity to knowledge, experience, wisdom and the most exciting thing - freedom of imagination, chance to immerse ourselves in any fictional world we need or want. I'm a big fan of Harry Potter, I even have no words how I love this wizarding world. That was (and still is) my first childhood dream to visit Hogsmeade and Diagon Valley in Universal Studio Orlando.

I'd be glad to try myself as a volunteer, to study American nature better, to teach you how to spell "Diakuiu" which means "Thanks" in ukrainian and many other fun and enjoyable things. Thanks for reading this. Finally, I want you to read and memorise my favourite quote: "It is very important to remember that each of us has magic" J.K.Rowling.
