## Student Letter

Hi my name is Laura and I'm 17 years old. I'm a very sociable person that loves to be with people, as well as hardworking as I try to do things the best I can. In my free time, I usually like to paint although I am not the best at it. I also like listening to music while doing other stuff or just while resting. I love going to the cinema, I usually go with my mom but I also go with my friends too. I also watch movies and TV shows in my house, and my favorite are action ones, apart from that I also watch cooking shows too as I love cooking so much.

I used to play volleyball but it's been a long time since I stopped playing because I changed school but I want to retake it so badly. I love animals, I used to have a dog but when we moved we had to give it to our friends as we moved to a flat and it was very small for her, I miss her so much.

In school, my favourite subject is mathematics as I like numbers and I think I'm very good at it. I have decided to do this exchange year to improve my English and to have a new and unique experience. As well as to know more about other ways of living and places around the world that I don't know yet. Can't wait to meet you and be part of your family!
