Student Letter

My name is Lilas and I'm fifteen years old. I have two little brothers and a very cute dog. In fact, I love animals! During my free time, I like to read, to watch Netflix, to go out with my friends, to spend some time with my family. I also love cooking, playing tennis and listen to music. I started kitesurfing last summer, and I really love it, even if I'm just a beginner. I really enjoy when the sun is shining, go to the beach, kitesurfing, tan and relax. I play tennis and I also like running. I really love to cook, and I'll be very happy to make you discover the French specialties.

I have a strong character and I hate injustice. I am a little feminist and I support antiracism. I think that I'm an open-minded and enthusiastic person. I love laughing and smile. My parents say that I'm also mature and independent. I think this program is an amazing experience for a teenager to learn about himself and I think that I will come back very different than when I left my family. I hope and I'm sure that I will come back bilingual and it will help me for my future. I will discover a totally different culture and I love this idea. I will also discover how American families live and I would love to share my culture with you too. I can't wait to meet you and to spend the year in your home.
