Student Letter

My name is María. I have many hobbies. One of them is reading, which I like a lot. My favorite book is called Boulevard. I also love swimming and dancing. Something that I do very often is listening to music. My favorite music style is Pop, and my favorite singer is Louis Tomlinson. But what I really love to do is to travel. My biggest dream is to go around the world. I love seeing new places firsthand, seeing how beautiful they are, and learning about their inhabitants and their cultures. Of all the places I have been to, the ones that have impressed me the most are Grand Canyon, in Arizona, Yosemite, in California, and Venice, in Italy.

I want to study in the US because it is going to be an exceptional experience. I want to meet new people, see other lifestyles, spend Christmas with an American family, go to high school matches, attend an American high school, etc. Something else I would like to do is to visit different places in the United States and learn more about its values and beliefs. I know that it won't be like in the movies. Yet, I will learn to overcome the difficulties, which, in return, will help me to mature. I want to spend ten great months in the US and recall my time there with a big smile. And I want to share with you many things from my country in a rich cultural exchange. I will do my best to make you comfortable with me as, I am sure, I will be with you.
