Student Letter

My name is Mariola, I'm 15 and I live in the south part of Spain. I'm a person who loves spending time with family, and hanging out with friends. If I were with my host family, I'd try that all of us are having fun, and in the first days or weeks, I'd like to feel like part of the family. At first, I can be a little shy, but later I start to get confident and I consider myself as an open person because I want to be comfortable in this experience and there is no time for being shy! I am also a very positive person, I'm always trying to look at the bright side of things; I'm open-minded, mature, and I love trying new things and travelling, visitings new places (that's why I've chosen to live this experience). I am also an independent person who can do things by myself. I really like playing volleyball, it is my favourite sport by far. I also like listening to music and I don't really spend a lot of time with my cell phone, only when it's necessary.

With my host family I'd like to spend time together, like playing table games, exchanging cultures... I'll be so excited to cook you a typical spanish meal! I am a flexible person so I can adapt to your hobbies or the things that you are used to doing. I don't have pets in my house but if you have it won't be a problem because I love animals! I'm really excited to go to the USA and live this experience because I hope it will be extraordinary. See you there!
