## Student Letter

My name is Valentine. If I must choose an emotion to describe myself it would be joy. I've always been happy since I'm a little girl. I love to laugh, I love making others laughing. Something that really makes me happy is when I see others change from a sad emotion to a happy one. I do theatre, boxing, dancing, gymnastic and scouts. I did flute, badminton and musical history but I've stopped.

I'm also someone who loves discovering other culture, other ways to live, other tradition, other mind, and so on. It will be a wonderful experience to work on myself. What I expect from my exchange? I do expect to speak better English of course but the main thing I expect is to learn more about people and life in the US. I want to be part of the Americans for a year, I want to be one of them, I want to become one and live exactly like them. I want to discover your traditions, your meals, even your history, your life in general. And I want to be part of something new, I want to restart from the beginning. That's what I expect from this trip.
