Student Letter

Hi, my name is Vanessa. I'm 15 years old and I live in France. I am a very energetic person who likes to go out. I don't like being bored i like going out in town, in parks, museum, make some shopping ... I'm not shy i love meeting new person. Making new friends is not very difficult for me. I'm autonomous that's not a problem for me to take my responsibility. I like to share my knowledge, talk about my passions and discover new activities.

I did dance for 13 years, boxing for 2 years (I have several titles in this sport) pole dance for 1 year. Dance is one of my favorite sports. I hope to try some new sports in America. I like eat heathy and keep fit. I love cooking! I'm a very open-minded person. I'm addicted to manga animes- I can talk about it all the days! My favorite subjects in college are the natural sciences, art and history. I am very active on social media I like to talk about my life about my daily life and take pictures.

I chose to do this exchange in USA because America is a real passion for me. It's been 2 years now that I'm so passionate about American life! Then, it's because I love to speak English. I think it's a very beautiful language and I decided to learn totally this language by going to the US. I wish I could learn more about the American traditions, way of life and the Story of America.
