Student Letter

My name is Maria, I'm fifteen years old, and I come from Spain. I'm an outgoing person who loves meeting new people and learning about different cultures. I like spending time with my family and friends. I usually entertain myself doing sports: it's my passion. Currently, I am practicing athletics (track and field) and tennis but I am willing to do any sport because I love it. Also, I've been practicing dance for a long time. I love animals so much. I love traveling so much, if it were up to me I would be traveling all the time. So it is one of the reasons why I want to go to the United States. Some of my hobbies are listening to music and doing sea activities like surfing, kayaking, windsurfing, and scuba diving. I love going to see the sunset and sunrise whenever I can with my best friends. I adore making cakes, like carrot cakes and cheesecakes, also I usually cook traditional Spanish food like paella, panades and crespells. One of the reasons why I want to go to the United States is because I am very struck by its culture, its language and its way of life, and its method of learning. I am very excited to be able to know the country and the people who live there. I'm hoping that my family will be welcoming and that I will feel comfortable at home as they were my real family.
