Student Letter

My name is Maria, I am 15 years old, and I live in Spain with my parents and sister. I have been studying English for more than 10 years and I am super excited about the opportunity to participate in the exchange program and stay 10 months in the USA, living with a host family and attending an American High School. I love sports and I practice Track & Field 3 days a week. I practice all kind of events, but the ones that I like the most are Long jump and Triple jump. One of my dreams is to participate in the Olympic Games. At school I like science, especially Biology and Math. I would like to study medicine and become a doctor in the future.

In my free time I love reading, some of my favorite books are “The hunger games”, “Harry Potter” and “Divergent”. I also enjoy watching TV series, such as “Grey's anatomy” or “The good doctor”. I love food and tasting new things. I am very eager to travel to the USA, meet my host family and start this new adventure that I am sure will give me a lot of new experiences and learnings. In return I expect to share a bit of the Spanish culture to my host family and the community with whom I will spend almost a year. Looking forward to meeting you in person.
