Student Letter

My name is Blanche, I'm from France. My parents are very athletic and they transmitted to me their passion for sport. I run once or twice a week. I run, but I love discover other sports and I am open to begin other sporting activities. For me sport is important because it learn the values of mutual aid and perseverance. My parents transmitted to me too others passion like travels, art, culture, history...We have traveled a lot through Europe : to visit museum, historical monuments, to attend festivals, to participate in commemorations... I always wanted to discover others countries and particularly America. I play piano even though I haven't played in a long time. I like fashion too, so I like shopping! I'm sociable and happy, I like to know many people who are very different from each other. I love to spend time with my friends. I like doing many thing with them: take a coffee, do shopping, talk, go to cinema, go to the museum, go for a walk, go to concerts. My dream later is to become doctor for help and heal people. I'm more of a city dweller. I absolutely love Christmas! I love giving gifts, the good food, and the opportunity to do good deeds. I know how to adapt and want to make this year of exchange to discover a country, a family and experience new things. To finish, I want especially to thank you for welcoming me! I look forward to meeting you.
