Student Letter

My name is Joachim, I am sixteen and I come from France. I love spending time with my friends. We see each other in town to go shopping or to eat or go to cinema. We love to settle in town with my friends. My hobbies are to go out with my friends, but I have another. I love sport, I also like to play soccer, I have been playing for 11 years. I am passionate about board sports, especially surfing, and skiing. I do skateboard a little less than a year. I like to run (I finished second in the departmental race), rugby, tennis and gym (two times first of departmental and one time second of academic, as a team).

Then I'm very interested in fashion and I like sneakers. I follow the new exit, and I listen to a lot of French rap as my favorite Nekfeu but also American as Eminem, Travis Scott...

I am curious and open about everything although I am a little shy. I am organized and I take care of my belongings or the others'. I'm looking forward to going to north of America to learn English but also to discover a new culture and a new area of the planet.
