Student Letter

My name is Marco, I am 17 years old and I come from Italy. I am friendly, positive and open-minded, I am very interested in meeting new countries and people, because I love to travel. I love hiking and walking in nature because it is relaxing. I love to do different kinds of sports: I play tennis, run, bike, climb and swim. I love animals so much: I have 5 dogs. I love to do physical activities and when I can I do housework or gardening. I listen to many genres of music, such as rock, pop, and dance. I love music from the 90's and 00's, it's so energetic. Another aspect of my personality is that I get very serious and quiet when I am in important situations, but then I can also be very talkative and friendly when I am with friends on informal occasions. I don't like to make trouble for others, so I am very calm and obedient and I am never sad. I think I can be a good friend and a good son, helping you whenever you need a hand and hoping you will do the same with me. I believe that after this trip I will be richer emotionally and intellectually, I will be a different, better person because of you and the people I will meet. I know it will be an amazing experience, I am sure you will give me an unforgettable experience. I am fearless and ready. I am so grateful to you for making my dream come true.
