PROGRAM

Arrival:
August 2021

Age on Arrival:
17

Duration:
Academic Year

Student ID:
AY21FR21-11

Allergies/Special Diet:
No / No

Religion:
none

Student Letter

Hello, My name is Matthias, I am 17 and live in France. I study in high school, in 11th Grade. I have chosen a mathematics specialization with technology and English modules. I am joyful, and sociable. I love playing board games, and having some fun with my family and friends. I also love exerting myself and doing sports. Do you? How about going jogging together in the morning or evening once a week? As a child I played sports a lot, especially ski, since I live close to Jura mountains. This enabled me to practice often and to reach a very good level. In the Summer I go surfing with my Dad by the Ocean and I love it! I like cooking, particularly baking. My Mum and I have made a lot of cakes since I was a child, and I would love to introduce French pastry to you!

I would like to study in the faculty of medicine later, and become a pediatrician. I also have other more creative projects, but I don't know yet exactly where to find my way. I am curious to discover an American high school, and am motivated to study English and become bilingual. I love talking in English, this period spent abroad would be a wonderful experience and I hope I could travel in the surrounding area while I am living there. I look forward to meeting you!
