Student Letter

My name is Michaela but you can call me Mia. I am 17 years old. I've always been a straight A student. I am friendly and kind. I am a girl who's doing everything she can to achieve her dreams. My hobby is dancing. I like to read and watch series and movies. I like to learn foreign languages. I love to travel! I'd love to travel the world one day. I love theme parks and rollercoasters. I'm up for any adventure. I like to swim in summer and ski in winter. I like to meet new people and learn more about them and their culture. I like a great company but I also value my own privacy. I might be shy at first but once we get to know each other I am going to be the most talkative person in the house. I am very ambitious. I am sure that I will gain a lot from this experience. I will never be the same. It will change my point of view on the world. I'll become more responsible and independent. My English will get so much better. I'll make many new friends and I will have an amazing host family in the U.S. I am looking forward to all the adventures we are going to have. I want to become a real member of your family and have fulfilled life in the U.S. I am up for any activity with you. On the other hand I hope to share some of our Czech culture with you and show you how we live or celebrate some holidays, if you're interested. My family fully supports me in this program and I am super grateful for that. Thank you for the opportunity to live with you.
