Student Letter

Hello, my name is Si Yoon. I am a diligent person who tries hard to achieve what I want. I like to share and get along with people in the community. I am bright and I smile a lot. I am very interested in math, science and history. I love music very much! I am good at playing the piano. I also like and enjoy sports. Usually I enjoy snowboarding and basketball. I like traveling very much and I do actually travel a lot. I think my travel experiences have made my challenging spirit grow physically and mentally.

My dream is to be a doctor. I want to grow up to be someone who can help people, and I want to go to various countries and serve. To do so, I really wanted to be an exchange student to be with various people, experience different culture, and learn English. I think being close with host family is very important for me to be a successful exchange student. I will respect your hobbies; I'm going to enjoy them together if possible. I'm going to follow the house rules and roles I have to keep at home. I really look forward to meeting your family and will do my best to be a good friend and son!! I hope to make a lot of happy memories.
