Student Letter

Hi, my name is Yedra. I am funny, I like to have fun and make others laugh, also I am respectful and they have taught me to accept everyone as they are, because we are all equal. I am quite mature. What I like the most is doing sport. I have done swimming, paddle tennis, flamenco, urban dance, rhythmic gymnastics, gymnastics, surfing (although I'm very bad), in my free time I also run and do skating, and sometimes I have tried dirt bikes. With my friends I have played basketball and soccer. I really like to watch american football and basketball. I like to cook and I have cooked with my father since I was a child, and I can say I'm not bad. Also I like to read books, especially teenage and fantasy books. Furthermore I like fashion. My favourite season is summer and going to the beach with my friends and family but Christmas is my favourite holiday. I love the atmosphere and Christmas spirit.

I would like to go to a basketball match. And go to a high school and do things that I can't do in my spanish school, like do sport, going to homecoming and prom is something that excites me a lot. Moreover I would like to try new typical food from there and also show my host family typically food from Spain. I want to learn traditions from the USA and show them spanish traditions. I don't know how to express how grateful I am to you for accepting me into your family for 10 exciting months, and I hope our relationship doesn't end there and that we stay in touch for many years.
