Student Letter

My name is Ibrahim, my friends call me Ibra. I am a good boy, educated, affectionate, I make friends easily, I am a little forgetful. My friends say that I am very funny. I really like being with my family and friends. I really like traveling and getting to know new places and cultures. In the future I would also like to speak French, so that I can travel around the world and at least speak fluently Spanish, English and French.

My favorite sport is soccer. I also ride my bike with my friends and play paddle tennis and tennis. But I like all sports in general. I go cycling with my father. I really like cars, which is my father's passion. In my free time I like to play video games online, I also like to go out with friends, go to the cinema and have lunch a snack with them, pizzas or hamburgers. I would love to see an NBA match, baseball and American football match.

I hope that after living nine months there, I will make a new family, many friends and learn more about American culture. I hope I'll come back speaking English very well. I want to meet you soon. I will miss my parents, friends and family, but I know it is a unique experience that I will appreciate for life.
