Student Letter

My name is Eve-Anne and I'm sixteen years old. I would like to learn english, meet new people, family, friends, discover your culture, see what you eat, how you live and live like a real American girl. I am shy at the beginning but much less when you know me, I love to have fun and laugh, it's very very important for me. I'm in a good mood almost all the time, say my friends and I think it's true. I consider sulking to be a waste of time and to enjoy the life. I have lots of hobbies, and sport is one of them, I think it's the most important. I love it. I like running (I run a lot with my dad), I love boxing, I love dancing with my mother and my little brother in our living room. I love swimming and nautics sports (surf, paddle, wakeboard...). I like skateboard and roller too, but I'm not very good. I love trying lots of different things. Outside of sports, I like read books and write letters to my grand-mother. I also play piano. I would like to share my culture with you. I think this adventure will make me grow, become more mature, more independent. I will discover a new family, a new friends, a new culture. And a lot of memories. Thank you for reading my letter, I can't wait to meet you!
