## Student Letter

Hello from Thailand. My name is "Chanakan" but you can call me by my nickname "Looktan". I am very glad to stay with you and I wish to thank you for your kindly offering to be my host family during my stay in the U.S. I enjoy sleeping the most and the second thing that I enjoy is K-POP. I like to swim - I can swim just for fun and exercise. I started studying English for 10 years since grade 1 and I want to continue studying English because now English is important.

Lastly, I would like to thank you and be happy to go to America to experience the good and bad, to help me grow. I sincerely thank you for your being a part of growing me. I believe I will be able to trade in different cultures. I hope this letter will bring you to know me better before we meet. I will be looking forward to it.
