Student Letter

My name is Ivan and I am 16 years old. First of all, I want to thank you for considering me to be a part of your family for the whole year. I realize it is a big responsibility for me and for you. In this letter I want to tell you about me, my family, my hobbies and why I want to do the exchange year.

I am originally from Ukraine. I have been living in Germany for 2 years now. I was doing gymnastics for 8 years and I was also doing UFC and break dance for 1 year. These days I am doing athletics and swing. My hobbies are playing paintball, doing sports and going for a walk with my friends. In my free time I enjoy reading books. I also like listening to my music: Pop, Rap, Memphis Soul and Hip Hop. In the future I want to be a policeman because I like helping people and cooperating with them. I also want to fight crime so that everybody lives in peace. I would describe myself as a very friendly, helpful, and funny person. I really want to take part in this exchange program because I want to improve my English. With English I have a lot of opportunities to achieve big goals in life. I want to become more experienced, responsible and independent. I am sure this program will change my life forever. It will be an unforgettable experience for me and I will learn a lot. I can't wait to meet you and I hope we will be real friends.
