Student Letter

Hi, I'm Ester, an Italian teenager. I'm seventeen and I would like to become an exchange student because during this year of lockdown I was dreaming about an opportunity to know new people, to learn about new cultures, to improve my spoken and written English, to become more confident and independent. I'm kind and honest, I can adapt myself to the new cultures, uses and customs.

I have one sister, Eva, who is 15 years old, and one brother, Lapo, who is 12 years old. My sister loves playing the piano, while my brother likes playing soccer. My mother is Viola and my father is Gabriele. My siblings and I spend every summer holiday on my grandparents home near the sea.

I have lots of hobbies and interest: synchronized swimming, traveling, eat healthy food, cooking cakes or pizza, going to shopping, skiing etc. I'm an active and busy girl, in fact I'm a professional synchronized swimmer. I like vegetables, fish, meat, I can cook and prepare some home-made dishes, for example cakes, pasta, pizza... etc.

In my house I am used to clean the dishes, set up and clean the table, tidy clean clothes. I don't sweep the dust because I can start sneezing but I can help in many other little house chores.

I hope to find a warm family that could host me and that could become friend of mine forever.
