Student Letter

Hello,

I'm Juliette, a 15 years old girl. I'm calm, open-minded, social, and attentive to others. My favorite leisure is to read, I love fantastic stories. I live in a small town with my parents and my older brother.

I'm a very curious person and I dream since a long time about going to the USA because I want to discover new culture, meet new people, and visit new places. I want to do that with a family who will be there for me and with who I will be creating links. It also will be my pleasure to share my culture with my future family.

I go to a private school. I am the class representative every years since the 6 th grade, I think it is because my classmates are trusting me. I have 7 close friends, I love spending time, and talking about everything with them. They are all very different and it is what I like about them.

When I was younger, I have practicing dance, gymnastic, horse riding, and a little bit of climbing.

I need a safe and serene place to feel comfortable, sometimes I need time alone to rest and feel good.

I can't wait to meet you

Juliette
