## Student Letter

Hi, my name is Michal. I am 17 years old and I'm from the Czech Republic.

Some of my hobbies are reading, athletics, modern fencing, and karate. My biggest achievement in karate was, that I got a title Master of the Czech Republic.

During the school year, I spend a lot of time at school in the afternoons on Monday to Friday I have a lot of activities and hobbies. On Monday after school I have German lesson from three to four o'clock and then I am running for my karate training, which starts at half past six to seven o'clock. On Tuesday after school I spend some time in library and after that I have to go to modern fencing training. On Wednesday I have only karate training. On Thursday after school I go home and in the evening I have English lesson with native speaker. On Friday afternoon I have private lesson in French and then I go to modern fencing training. At the weekends I must work at home and I have to wash many barrels from the beer and grind malt for new beer.

I want to go to the USA, because I think the USA is a great opportunity for me to get fluent in English and also discover new culture and meet new friends and get new experiences.
