Student Letter

My name is Maria. I am 15 years old and I'm from Spain. I live with my parents and my two younger brothers. Most of the time that I spend at home I spend with my siblings since I have a very good relationship with my parents. When I grow up I would like to be an architect. I think it is a beautiful profession, I like technical drawing and I am good at it and I would love to dedicate myself to it in the future.

In my free time, I like spending time with my friends and family, making different plans. I like athletics very much, I would also like to learn to play volleyball. Some of my hobbies are reading, baking and listening to music. My favorite artists are One Direction, Olivia Rodrigo, Louis Tomlinson, Harry Styles, and Taylor Swift. Also, sometimes I like to watch a movie or a TV series. I watch a lot of classic movies with my mother, but when I watch them by myself, they are usually romance or suspense movies.

I am really looking forward to going to the USA as I want to get to know the American way of life as well as different cultures. And of course, it would be great to improve my English skills as well.
