## Student Letter

I'm Martina, I'm 14 years old and I'm from Spain. I don't know how to describe myself, but I'll say that I'm lively, I love spending time with my friends and family, and meeting new people. I'm a massive One Direction fan, I love listening to music. My favorite artists are One Direction, and all the boys by their solos, Billie Eilish, Ashe, Taylor Swift, and many many more.

I love reading and watching television or movies. My favorite movies are Perks of Being a Wallflower and Titanic, and my favorite tv show is Friends.

I like to spend my free time drawing, reading, listening to music, hanging out with friends, and watching movies with my family. I've been doing ballet since I was 7 years old, when I was 12 I started taking tap dance lessons, and the last year I also signed up for modern and contemporary dance.

I'd love to be an exchange student for so many reasons, the principal reason is that I'll meet a lot of new people, but also to learn the language and culture better. I think it's a great experience to enjoy and I'll love to be with a new family. It's going to be hard to be away from my parents for nine months, I love them because they are always very supportive in every decision I've taken, but I think I'm strong enough to handle it.
